

# VISTA-MESH™ SECURITY FENCING

## 7612

Our premium Vista-Mesh product. The small aperture makes it difficult to cut and climb. It's an aesthetically pleasing modern fence style. It is ideal fencing for commercial and residential properties.

Can be installed in conjunction with electric fencing and compatible with our Razor Spikes for ultimate security

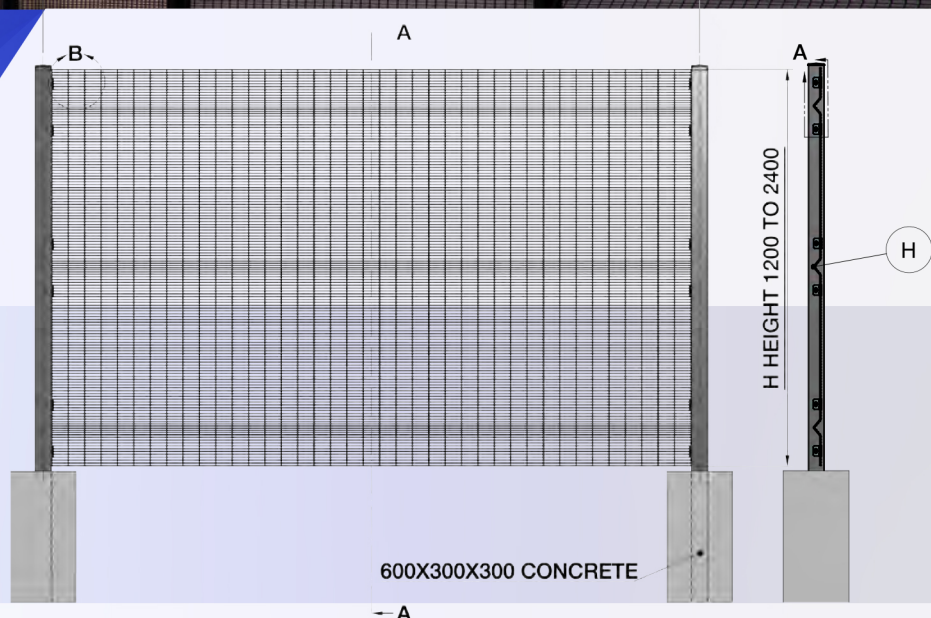

Available either as Pre-Galvanized, Hot Dip Galvanized or Plastic Coated in our fully automated fluidized bed facility, using imported **PLASCOAT®** thermoplastic powder for a long lasting, consistent quality, corrosion resistant, colour finish.

Galvanized
