VISTA-MESH™ SECURITY FENCING

7650

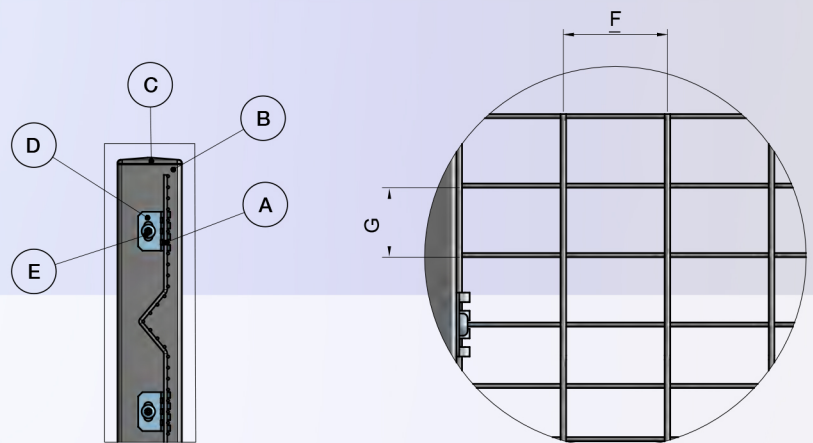

7650 is our econo Vista-Mesh product. The larger aperture makes it more affordable yet it is still difficult to climb. It is ideal fencing for large commercial and residential properties.

Can be installed in conjunction with electric fencing and compatible with our Razor Spikes for ultimate security

Available either as Pre-Galvanized, Hot Dip Galvanized or Plastic Coated in our fully automated fluidized bed facility, using imported **PLASCOAT®** thermoplastic powder for a long lasting, consistent quality, corrosion resistant, colour finish.

- A 7650 Vista-Mesh Panel
- B Fence Post (see post options sheet)
- C Post Cap
- D Flat Spider Clamp
- E Security fastener to suit post type
- F 76mm
- G 50mm
